PROGRAMME NOTES FOR SUNDAY, 21st DECEMBER, 1975

Today we welcome Lymm to Pownall Park. We have met them only once before, in an ordinary club game at Wilmslow at the outset of last season, and in that we have scarcely any fixtures in common it is difficult to draw any comparisons in form.

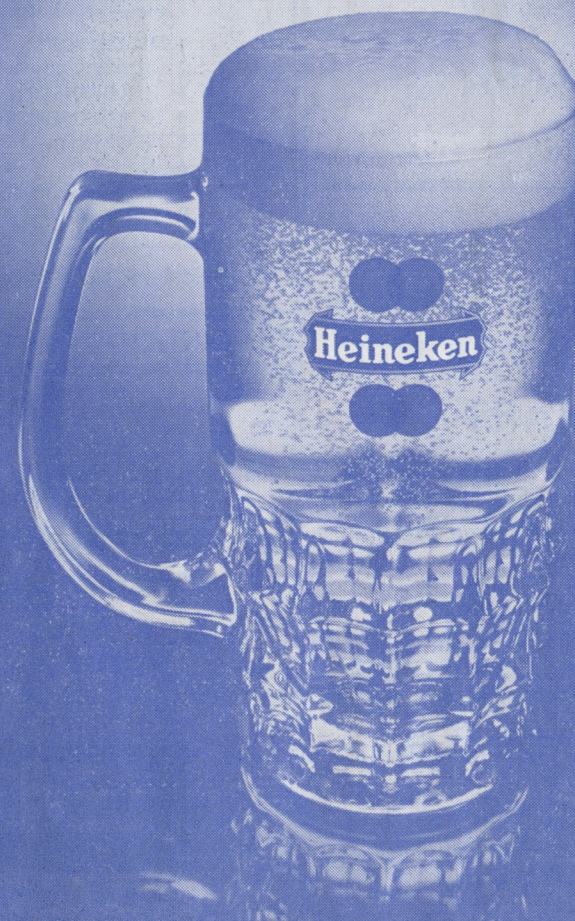

Our experience in the Cheshire Cup has constantly shown, however, that weekly form has little relevance to cup rugby and there is no question of anything but our very best form being good enough to earn victory for us.

We shall doubtless have had a pretty strenuous game with Sheffield yesterday and, while hoping Lymm were similarly engaged, must shake off any thoughts of tired limbs and concentrate solely on winning through to the next round.

On Boxing Day we shall be at home to Manchester, while Morley are our visitors the following day, then after visiting Broughton Park on New Year's Day, we are again at home to Headingley on Saturday, 3rd January.

To all our members we wish a very Happy Christmas and a Prosperous New Year and hope as many as possible attend tonight's draw and party in the clubhouse.
